profusion and variety than in any house South of the Potomac, besides other articles too numerous to mention. Call and see for yourself. They will be sold at the lowest prices, either at wholesale or retail. HENRY D. TURNER,

No. 1, Fayetteville Street, Raleigh, N. C. SILAS BURNS, PROPRIETOR, BUILDER OF STEAM ENGINES AND GENERAL MACHINIST. The above establishment has been in successful operation about one year, and has turned out some of the best STEAM ENGINES and SAW MILLS that have ever operated in this

Orders are solicited for Steam Engines and Saw Mills, Mill Gearing and Machinery of every discription to be completed during the Summer and Fall. The improved condition of the Raleigh and Gaston Rail Road will enable me to fill with dispatch and punctuality all orders after the 1st of

The following certificate will show the character of the work executed at the above Works:

"AUBRY, Cumberland, May 15, 1852. "Mr. Silas Burns—Dear Sir: Our Engine and Mills, made at your shops, have been at work nearly two months, and fully meet our expectations. The Engine, as to finish and strength, performance and durability, is inferior to none in the State of the same class made here or elsewhere. The In the State of the same class made here or eisewhere. The Mills run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, I foot, in 33/4 seconds or 16 feet per minute. We have run, however, through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes too many hands to haul up logs and carry away lumber. Yours, &c., JONES & BARBEE."

SPRING 1854.—WHOLESALE BOOT AND SHOE TRADE, Petersburg, Va. We take pleasure in announcing to the Merchants of Virginia and North Carolina, that one of our house has just returned from the North and East, where he has purchased an extensive and commanding stock of Boots, Shoes, Brogans, Trunks, Carpet Bags, Valices, Wrapping Paper, Lacings, &c., and all other articles belonging to our branch of business.

Our assortment this season will be much larger and more varied than heretofore in order to meet the demands of a varied than heretofore, in order to meet the demands of a rapidly increasing trade. Our goods have all been bought

of First Hands, and selected with great care by an old buyer, of thirty years experience, with special reference to the wants of the Virginia and North Carolina Merchants. We are now in receipt of a portion of our stock and are in daily expectation of large accessions thereto, which will render our assortment one of the most complete and attractive ever offered to the Southern Trade. In soliciting an examination we assure our friends and

the public generally, that our prices shall be found as low and as reasonable as those of any similar establishment Merchants and others buying by the Package or Dozen will find it to their interest to examine our stock be-

fore purchasing elsewhere, as it is our determination to sell as cheap as any of our northern competitors.

Halifax County, Virginia.

DR. H. EASLEY, Proprietor.

THE following is a copy of a letter from Dr. C. H.

Jordan, of Person county, N. C., to the Propietor of these celebrated springs, which nature in its beauty has clustered together in one locality:

Passon County, N. C., Aug 18, 1862.

Dr. Easley—Dear Sir: Being requested to give you a concise statement of my views of the medical properties of your Springs, I avail myself of the earliest opportunity in my power to do so. As you are well aware, my acquain-

of your Springs, I avail myself of the earliest opportunity in my power to do so. As you are well aware, my acquaintance with those Springs is co-existent with my earliest recollection, having been born and raised in their immediate neighborhood. It is not my intention in this place to say anything about their chemical combinations; that has been confided to other and abler hands, and, no doubt, from the acknowledged scientific character of the gentlemen who made the analysis, but that it has been correctly reported. Nor is it decimed essential that I should do so. Those who seek health in Mineral Waters, would greatly prefer hearing of cures effected to hearing of quantitative profer hearing of cures effected to hearing of quantative proportions, though they might be accurately ascertained by chemical analysis. The adaptation to particular forms of disease, which careful and enlightened experience has confirmed, is the most natural inquiry of the affected. This, as far as my own observation and experience extend, it is my purpose to answer in as concise a manner as possible.

For six and twenty years, as a medical observer, have I known something of the effects of these waters on diseases of different character; and I risk nothing in saying that for the number of those who have gone their for health, the replace in Virginia. Many years ago, (when I was a boy,) and long before any one ever thought of impreving the place, it was the resort of the valetudinarian from every section of Hahfax and some of the adjoining counties, and I can safely say I never new a case of broken down constitution that "tented" tution that "tented" a summer there, that was not greatly benefitted if not entirely cured. I have known a number of persons who were carried there in waggons, unable to walk, or even sit up on their arrival, speeddly restored to health, able in a month or two to walk up and down those hills with as much alacrity as you or I could do it. These things I hate seen and known, for my father's house was sometimes a boarding house for those who preferred a house iu the neighborhood to tenting on the ground. From some professional experience I can safely recommend it in dyspepsia. It is the best antacid I ever knew. Food cannot, by possibility, sour in a stomach habitually supplied with Sulphur Water. It is invaluable in those chrome derangements of the liver depending on castric irritation. Torpor suiphur water. It is invaluable in those chronic derangements of the liver depending on gastric irritation. Torpor and inactivity of this important organ are speedily relieved by it. Chronic affections of the kidneys and bladder are often effectually cured by it. One of the worst cases of chronic inflammation of the internal coat of the bladder I ever saw, which I sent there, was promptly cured by a few weeks use of the water. Chronic rheumatism is as of ten cured by it as any other broaders. of ten cured by it as any other known agent. Affections of the uterine system are often cured by it. One case I might mention of peculiar interest with which you are also acquainted. It has a wide and long appreciated reputation

in cutaneous diseases.

The Chalybeate spring, though recently brought into notice, was known in my school boy days, and I well remember the superstitious horror we had on approaching it. It is an agreeable chalybeate, none can be found more pleasant or agreeable to the taste, or more desirable in those diseases which demand the use of iron. There is a singular arrangement of nature's laws in the phenomenon in your location, Sulphur, Chalybeate, and Lime Water, all gushing out of the same hill in a few hundred feet of each other, while on the other side of the hill,

and in immediate proximity to each, is as pure a free-stone spring as any one may ever desire to drmk.

Having said this much I must now conclude, lest I might be accused [should you ever conclude to bring this hasty letter to light] of a disposition to pull your Springs. This accusation, however, would be discredited by these best acquainted with me; for they know me to be a man of quite a different character. In justice to you as an enterprising, accommodating proprietor, I could not have said less. It will, in conclusion, append the following synopsis of such diseases as experience and observation have proved the way diseases as experience and observation have proved the waters to be adapted to: liver, stomach, bladder, kidney, bronchial, and uterine affections; dropsey, rheumatism cutane ous affections; prostrated or illy cared cases of remittent and intermittent fevers; chronic affections of the bowels have generally been relieved by their use. Should you, my dear sir, ever use this in any public way,

and should it prove to have mitigated one single pang of human suffering, I shall be abundantly paid for the little labor it has cost me.
Yours, sincerely, We the undersigned physicians, having read Dr. Jordan's letter on the use of Dr. Easley's Mineral Water, cheerfully add our testimony to what he has said of their medical uses.
